Pre-used Crane Spotlight: **Tadano ATF 130G-5**

Our Tadano ATF 130G-5 crane is sailing to its new home! This 130-ton marvel has proven its worth in lifting and reliability across various projects. As it embarks on its next chapter, we're reminded of the strength and efficiency that Tadano cranes bring to the field.

If you're looking to enhance your heavy lifting capabilities, don't hesitate to reach out. Our selection of pre-used cranes ensures you get high-quality equipment ready for all your construction needs. Contact us today for your heavy lifting requirements and let us help you find the perfect solution.

Manitou? Think Afrik Appro

At Afrik Appro, we specialize in providing parts and machines from Manitou, a brand renowned for its durability and precision engineering. Whether you're in the market for new equipment or need replacements to keep your existing machines running smoothly, we have you covered.

Don't settle for less when it comes to your equipment. Contact us for all your Manitou parts and machine needs and experience the Afrik Appro difference!

Meet Agnès !

We are thrilled to announce that Agnès has joined the Afrik Appro family as our new operations coordinator. Agnès brings a fresh perspective that will be invaluable in enhancing our services. As an Operations Coordinator, Agnès will be pivotal in managing our daily operations, ensuring that everything runs smoothly and efficiently. Her role is crucial for our continued success and commitment to excellence.

Join us in welcoming Agnès to our team. We are excited to see the great things we will accomplish together!
